

Fundraising Top Tips

Here are 5 top tips to help you Step Out for Yorkshire and reach your fundraising and distance targets.

Self-Donate

People are more likely to donate to your page if they see that you already have a donation. Set the ball rolling if you can by donating to yourself.

Match funding

Your employer might be able to match your fundraising and double your final total. Speak to your employer today and ask them about match funding.

Break down the challenge

To make your distance target more manageable why not break it down into a certain number of steps/miles per day. You will be surprised at how quickly you hit your target.

Create a team

Many feet make light work. Why not set up a team with your friends, family or work colleagues. It's easy to create a team and invite members to join. You can set a team fundraising target and clock up your miles together.

Share, share, share

The best way to let your friends and family know you are taking part in Step Out for Yorkshire is to share the link to your fundraising page on Facebook, Twitter, Instagram, Linked In, via Whatsapp or email. It's really easy and a great way to let lots of people know you are taking part.
